

# HALLOWEEN

## Date • Time • Guidelines

- The contest is Tuesday, October 31 – it takes place on a stage in the UCSD Price Center plaza and is wheel chair accessible
- The UCSD Halloween costume contest is free and open to all UCSD students, staff, and faculty entries
- Non UCSD friends, family and the community are encouraged to attend as spectators: It is recommended to arrive early to get a good viewing seat
- Costumed contestants should arrive in the plaza at 11:30 to be checked-in and given entry numbers
- Check-in closes when the contest begins – at approximately 11:45
- The costumes are judged by one student, one faculty, and one staff person and an emcee directs the contestants on the stage
- Starting with category #1, each contestant will walk up the stage stairs and enter through the rear of the Halloween back-drop
- While on stage, the entry number must be held up so the judges can clearly see it
- The judges and spectators like animated contestants: Use the microphone, speak clearly, shout your name, describe your costume, sing, dance, act goofy
- When you're finished strutting your stuff, exit from the stage using the east facing stairs on your left and wait until all four categories are finished
- Each contestant is scored between 1 and 5 points: 5 points is the highest
- After all the categories have finished there will be a brief intermission while scores are tabulated and reported
- The contestant with the highest average score in each category wins 1st place
- The contestant with the second highest score in each category wins 2nd place
- Ties will be determined by audience applause: The person with the loudest applause breaks the tie and wins
- Prizes and scoring decisions are final

## 4 Ghastly Categories
